

THE Bloomfield Record

A WEEKLY JOURNAL.

S. MORRIS HULIN, Proprietor.

Office 29 Broad Street.

FRIDAY, SEPTEMBER 24, 1897.

Board of Health.

A regular meeting of the Board of Health was held on Tuesday night. The first matter taken up was the final passage of the ordinance prohibiting the building of any privy or cesspool without the consent of the Board of Health, under a penalty of \$25 for each offense.

Inspector Gilbert disposed of violations of the Health Code as follows: Mr. Ferguson of Second Street was fined \$3.25; Mr. Kapulehaka also of Second Street was fined \$5.

The case of the Brick Row on Bloomfield Avenue is still in the hands of the Justice. Mr. Ballantine of Brooklyn, the owner of the above mentioned block, came to town, and accompanied Inspector Gilbert on a tour of inspection of his property. He expressed himself as satisfied that sewer connections should be made. They also called upon Mr. Lawrence, chairman of the Sewer Committee, to complete necessary arrangements for the work.

The question of testing the plumbing when sewer connections are made was brought up by Inspector Gilbert, who reported that three sewer connections had been made recently without testing the plumbing.

Dr. Bailey said that this test should be made.

Inspector Gilbert cited the case of the Bank building where the test of the plumbing was made and found to be defective in several places. It should be done to prevent sewer gas entering the building.

Secretary Johnson offered the following resolution:

"That hereafter all applications for sewer connections must be granted by the Board of Health, or by the Health Inspector when the Board is not in session."

Inspector Gilbert said that the above should be an ordinance and not a resolution.

A recess of five minutes was taken to permit the Counsel, Inspector and Secretary to get together and prepare an ordinance.

The resolution was withdrawn and the following ordinance passed first reading:

"That hereafter all plumbing must be tested by the Inspector, before any building shall be connected with the sewer."

The above will be operative as a resolution until the ordinance is adopted.

The question of the disposition of garbage was brought forward and discussed by the Board. The Inspector said that other municipalities take care of garbage and do it systematically. In East Orange the expense paid out of the tax levy.

Dr. Bailey said that something should be done in regard to this matter.

On motion of Secretary Johnson it was referred to the Township Committee for consideration.

Complaint was made of throwing garbage on vacant lots on Benson St.

Inspector Gilbert made complaint against H. E. Wiggins & Son, who operate a shale factory at Watessing, and create a nuisance by dumping "sizing" in the rear of Lawrence Street.

Taylor Bros. of Montclair will repair the defective plumbing in the Franklin Street Brick Row.

Cornelius Van Wagener, who owns the property in Railroad Place, failed to comply with the request of the Board for the reason that he intends to sell the property. Notice was sent him to connect these houses with the sewer.

Inspector Gilbert informed the Board that the drain for the Thomas Street ditch would not be large enough to drain so large a territory. The sewer system is to be extended through Glenwood Avenue and the work was not necessary. Bids were rejected for this work from A. L. Taylor, M. J. Callahan, Gustav Bruett and H. J. Ashley.

Mr. Lawrence said that Inspector Gilbert's salary was too small for services rendered and moved that \$2 inspection fee be paid to the Inspector in addition to his salary. This motion was adopted unanimously and the Board adjourned.

Obituary.

John Gehring, an old resident of Brookdale, died at the residence of his daughter, Mrs. Joseph Fullman, on the 16th inst. after a lingering illness, aged 69 years. Funeral services were held on Monday, conducted by the Rev. J. M. Nardello. Interment was made in Mount Olivet Cemetery.

Bennett-Francis

will resume medical instruction on or about Sept. 26th. For terms and further particulars call or address 35 Race St.

Bloomfield N. J.

Mountainside Hospital.

Editor Bloomfield Record:

Sir:—In view of the coming Hospital Sunday, a few items of interest concerning the work may be appropriate.

As has already been stated, during the year ending September first the hospital had cared for six hundred and five patients. Of these but thirty-three had paid any part of their bills.

As has been stated, sixty of the patients have been asked to pay if their means permit and we feel it is not only just to the institution but to the individual that they should do so. No doubt we have received some who could have paid if they would, and it is possible that occasionally some patient may have paid who could not well afford to do so, but this is a matter of difficult adjustment that it seems almost impossible to avoid mistakes. In all hospitals, except where only paying patients are received, charity is greatly abused.

As has been stated, sixty of the patients have been subjects of surgical operations, many of them most serious in their nature. Within the past month there have occurred several of a very delicate and unusual character which our faculty and the medical profession regard with great interest and admiration. Of these sixty operations all have been successful in saving life but two.

The service of our nurses is becoming more and more satisfactory. A few of our graduates have taken post graduate courses of six months in large city hospitals for the treatment of special classes of disease, and the warm commendation they received from the heads of these institutions as to the training received here has been a great encouragement.

The committee having in charge the study of future plans is about to renew the work (which has been interrupted by summer absences) upon the enlargement of the facilities now greatly needed. We trust before long to begin an improved system of buildings which will greatly advance all the branches of work now being done.

Our Sunday school to His Disciples was to "Preach the Gospel and heal the sick" and in our churches where this Gospel is preached these two injunctions should go hand in hand.

Yours truly,
A. L. STRONG, Pres.

Rally Day.

The scholars of the First Presbyterian Church Sunday School will observe rally day on next Sabbath. The Superintendent has issued cards of invitation to all the members of his school with the privilege of bringing friends who may become members in the near future. The programme is varied and will contain many attractive features. The church choir and the male quartette of Watessing M. E. Church Sunday School, will assist in the music. Brief summer recitations in the handling of short addresses by the following teachers: Miss Whipple, Messrs. Bidolph, Simmons, Ward and Uhler.

NOTICE.

The following are the amendments, additions and alterations of the Sanitary and Plumbing Code of the Board of Health of the Borough of Glen Ridge, N. J., as passed by said Board Sept. 1, 1897.

Be it ordained by the Board of Health of the Borough of Glen Ridge, N. J., that Section 30 shall read: That no privy vault or cesspool shall hereafter be constructed or maintained on any lot or premises unless a permit from the Board of Health, and that the inside dimensions of such privy vault shall not be less than four feet wide by six feet deep or cesspool less than eight feet wide and ten feet deep.

Section 34, "All drains within and out to a distance of six feet beyond the walls of buildings shall be cast iron, not painted or tarred, well caulked, lead joints, and shall be located as to be readily accessible for inspection."

The house drains within buildings shall be securely hung on the cellar wall or properly suspended from the cellar ceiling unless it is impracticable, in which case it must be laid in a trench cut at a uniform grade, the bottom of which must be covered with hydraulic concrete, and walled up on the sides with brick laid in hydraulic cement; said trench must also be provided with movable covers. The house drain shall have a fall of at least one quarter of an inch to the foot, and more, if possible. When a pipe passes under the walls of a building there shall be a relieving arch, to prevent the pipe being broken by settling of the foundation.

By order of the Board of Directors,
FREDERICK E. LANDSTROTZ, Secretary.

Bloomfield, Sept. 18, 1897.

No-To-Bac for Fifty Cents.
Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. Btl. All druggists.

B. L. CLEARY, Edgewood, N. J.

Mr. Aucott and the Town Committee.
Bloomfield N. J., Sept. 23, 1897.
To The Bloomfield Record:

I am surprised to find from the published reports in Newark and New York papers of the proceedings of the Bloomfield Township Committee that I was misrepresented as having applied for the position of Police Commissioner, and some absolutely false.

In the first place I am not an enemy of cyclists, but this instance of innocent trespass on the sidewalk on the date of every game of base ball for both this year and 1896 has been simply intolerable; and on the 14th inst., as advised, I applied to Mr. Moore, Chairman of the Police Committee, for protection, stating my reasons as follows: First, the danger to women children and even babies in their carriages from reckless and insolent riders; second, the complete obstruction to my business for a full half of each hour, as I have to stop to face the danger; and third, the unspeakably foul and profane language which came so close to my ears that neither ourselves nor visitors could sit near them. My request to Mr. Moore that an officer be placed there was ignored. I saw one day the wife of our local Town Councilman, sitting against my house by a couple of these fellows, threatening to have them arrested and they jerking at her; and it was seeing that of other equally disgusting occurrences that urged me to have the nuisance abated.

The statement that Cross Street is impassable is absolutely untrue, as I had it made smooth at my own expense. Little girls of 7 or 8 years, from Montclair, ride it with perfect ease accompanied by relatives from the town where the sidewalk ordinance is enforced.

I would say, in conclusion, that I have lived ten years in Bloomfield spending both time and money to improve the place, and have expended more than fifty dollars on the sidewalk in question. But this expense about decades me to leave the town to its weeds and slush.

It would have been courteous for the road and sidewalk committee to come and see the condition of Cross Street before imposing a public nuisance and law abiding citizen by public censure when he was not present.

Signed,
F. C. AUCOTT.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

FRANK J. CHERNEY makes oath that he is the senior partner of the firm of F. J. CHERNEY & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

Signed before me and subscribed in my presence, this 9th day of December, A. D. 1896.

A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHERNEY & Co., Toledo, O.
